1. Objectives and scope

In this Code of Conduct for Business Partners (hereinafter referred to as “Code of Conduct”), Audi FAW NEV Company has set out its aspirations and expectations as well as requirements for business partners of Audi FAW NEV Company in relation to sustainability (hereinafter referred to as “sustainability requirements”).

Sustainability includes respecting human rights, protecting the environment, conducting business ethically and lawfully and the responsible sourcing of raw materials.

The Code of Conduct is applicable to all suppliers, sales partners and all other B2B business partners (hereinafter referred to as “business partner”) of Audi FAW NEV Company that do business with Audi FAW NEV Company.

The business partners are required to contractually pass on all sustainability requirements to those business partners (especially suppliers) that affect the contractual relationship with Audi FAW NEV Company and to ensure, to the extent possible and reasonable, that the sustainability requirements are passed on to their business partners in the supply chain. The business partners establish appropriate control measures to verify compliance with these sustainability requirements of their own business partners.

In those cases where obligations have been agreed to with business partners under individual contracts that diverge from the principles in this document, such divergent obligations prevail.

The sustainability requirements are based, amongst others, on the 10 Principles of the United Nations (UN) Global Compact, the UN Guiding Principles on Business and Human Rights, the OECD Guidelines for Multi National Enterprises, OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas and the Conventions of the International Labour Organization (ILO), in particular its fundamental rights at work and the Guiding Principles of the Drive Sustainability Initiative.

Furthermore, this Code of Conduct is based on nationally and internationally agreed standards such as the Universal Declaration of Human Rights, codified in particular in the International Covenant on Civil and Political Rights and in the International Covenant on Economic, Social and Cultural Rights.

6. Sustainability requirements for responsible supply chains

Transparency

To identify and mitigate sustainability risks in the supply chain, business partners, on request, disclose information on their supply chains to Audi FAW NEV Company that are required by Audi FAW NEV Company to fulfil its legal obligations. The business partners are also obliged to impose a corresponding disclosure obligation on their suppliers, which they in turn are required to pass on to their suppliers.

This may require in particular that business partners disclose their supply chain to Audi FAW NEV Company up to the material origin (including choke points like smelters and refiners) and provide evidence of management systems or third-party verifications demonstrating processes that prevent or mitigate sustainability risks in the supply chain.

Raw material supply chains

Due to their significant impact on people and planet, raw material supply chains, in particular, require special due diligence from all actors along the supply chain both in terms of compliance with human rights and protecting the environment.

Therefore, business partners comply in particular with their due diligence obligations as described in the “OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas” regarding relevant raw materials.

6. 对负责任供应链的可持续性要求

透明度

为了识别和减轻供应链中的可持续性风险，商业合作伙伴应要求向奥迪一汽新能源披露其供应链信息，这些信息是奥迪一汽新能源履行其法律义务所需要的。商业合作伙伴也有义务对其供应商施加相应的披露义务，而这些义务又将被要求传递给其供应商。

这可能特别要求商业合作伙伴向奥迪一汽新能源披露其供应链，直至材料来源（包括冶炼厂和炼油厂等关键点），并提供管理系统或第三方验证的证据，证明其流程可以防止或减轻供应链中的可持续性风险。

原材料供应链

由于原材料供应链对人类和地球的重大影响，尤其需要供应链上所有参与者在遵守人权和保护环境方面进行特别的尽职调查。

7. Verification of compliance with the sustainability requirements by Audi FAW NEV Company

General information

Audi FAW NEV Company reserves the right to verify compliance with sustainability requirements regularly, randomly or for specific events and using appropriate and adequate means before awarding a new contract and throughout the business relationship.

This can be done, for example, by means of a risk assessment of the relevant business partner's area of responsibility, a self-assessment by the business partner and/or by deploying experts locally (on-site assessment). An on-site assessment of this nature is only carried out in the presence of representatives of the business partner during regular working hours and in accordance with applicable laws, in particular with regard to data protection. The business partners take appropriate and adequate measures that give Audi FAW NEV Company the right to carry out similar assessments of their business partners if this is necessary for the fulfilment of legal obligations.

Assessment prior to entering a contract

If sustainability risks are identified during pre-contractual assessments referred to above may also take place before entering a contract or before awarding a new contract, the resulting measures, if any, shall then be binding on the contract to be concluded. In this case, the business partner is obliged upon entering into the contract to assess any determined or imminent violation of the sustainability requirements in its own business area or in its supply chain within a reasonable period and to remedy any such non-compliance at no additional cost to Audi FAW NEV Company.

The findings of the pre-contractual assessments for compliance with the sustainability requirements constitute a criterion relevant to the award of contracts.

7. 根据奥迪一汽新能源要求对可持续性合规情况的验证

一般信息

奥迪一汽新能源有权在授予新合同之前和整个业务关系期间，定期、随机或针对特定事件，并使用适当和充分的手段验证是否符合可持续性要求。

例如，这可以通过对相关商业合作伙伴责任领域的风险评估、商业合作伙伴的自我评估和/或在当地部署专家（现场评估）来实现。这种性质的现场评估只能在正常工作时间内，在商业合作伙伴代表在场的情况下，根据适用法律，特别是在数据保护方面的法律进行。如果这是履行法律义务所必需的，商业合作伙伴应当采取适当和充分的措施，保证奥迪一汽新能源能够有权对其商业合作伙伴也进行类似的评估。

签订合同前的评估

如果在签订合同之前或授予新合同之前，上述前序评估中发现了可持续性风险，则由此产生的措施（如有）应对即将签订的合同具有约束力。在这种情况下，商业合作伙伴有义务在签订合同时，在合理的期限内评估其自身业务领域或供应链中任何已阻止或即将违反可持续性要求的行为，并在不增加奥迪一汽新能源成本的情况下纠正任何此类不合规行为。

遵守可持续性要求的前序评估结果是授予合同的相关标准。

在这种情况下，商业合作伙伴有义务采取一切适当措施来防止、制止或最大限度地减少此类违规行为。

商业合作伙伴将参加奥迪一汽新能源的一种或多种培训形式，前提是参加培训可能会有助于终止违规行为或将违规行为减少到最低。

如果违规行为的性质在可预见的未来无法终止，则商业合作伙伴应制定并实施一项计划（包括具体时间表），以在不无故拖延的情况下停止或最大限度地减少违规行为。如果法律要求，奥迪一汽新能源应当适当参与计划的编制。

违反商业合作伙伴供应链中的可持续性要求

如果有实质性理由（经证实的信息）认为上游供应链（与奥迪一汽新能源的直接供应商）可能侵犯了人权或环境义务，则商业合作伙伴应立即：

1. 参与奥迪一汽新能源或大众汽车集团的风险分析，
2. 针对各自的商业合作伙伴制定适当的预防措施，以及

- 将商业合作伙伴排除在新订单之外，以及
- 特别终止合同

如果商业合作伙伴能够可靠地确认并证明其已立即采取反措施防止未来发生类似违规行为，奥迪一汽新能源可以放弃行使其终止权。
